⁶ Contribution agreements may be concluded through the use of a ‘qualified electronic signature’ (QES), in compliance with Regulation (EU) No 910/2014 and recognized by the latter having equivalent legal effect to a hand-written signature (see note Ares(2020)7573858 for more details), where both the applicable law and the dispute settlement forum are in an EU Member State (e.g. contribution agreements concluded with Member States Organisations).

In case the applicable law and the dispute settlement forum are not in an EU Member State (e.g. contribution agreements signed with International Organisations), contribution agreements may be concluded ‘electronically’ subject to the introduction, in these Special Conditions, of ad-hoc provisions through which the Parties recognize the validity of each other’s electronic signatures. In this context, please note that the Commission may only use and recognize the QES, which is equivalent to a hand-written signature, in accordance with the above-mentioned EU Regulation.
